

Evacuated Tube Solar Dryer

Salient features

- Works on the principle of concentrated solar radiation
- Evacuated tubes reduce heat loss by reflected radiations.
- High temperature solar drying of fruits and vegetables at faster rate of drying

Advantages

- ✓ Utilizes solar energy
- ✓ Low cost drying

Machine developed by

Dr. Vinkel Arora, Department of Food Engineering
National Institute of Food Technology Entrepreneurship Development (NIFTEM), Kundli
131028, Sonapat, Haryana
E mail: vinkelarora17@gmail.com

Year

2018

Cost

₹ 40000/- approx
