
ARKA POMEGRANATE ARIL EXTRACTOR

Salient features

- ❖ It removes arils from cut pomegranate

Advantages

- ✓ Time and labor saving to 50-60%
- ✓ Hygienic and bulk processing in short time

Specifications

Output capacity: 100 kg/h

Weight: 50 kg

Manpower requirement: 2

Shelling efficiency: 98%

Electrically operated with 1 kW

Machine developed by

Dr. A. Carolin Rathinakumari and Dr. G. Senthil Kumaran

Division of Post Harvest Technology & Agricultural Engineering

ICAR-IIHR, Bengaluru

Email: director.iihr@icar.gov.in

Year

2020

Price / Unit

Rs.1.0 lakh
