

BASIL SEED SUSPENDED READY TO SERVE JUICE

Salient features

- Technology developed for clarified juice or banana based ready to serve (RTS) drink with suspended (more than 6 months) soaked basil seeds in the beverage.
- Technology preventing any contamination

Advantages

- ✓ Fulfills consumers' demand for unique fruit flavors, naturalness, low calorie diet
- ✓ Basil seeds are used as diuretic, antipyretic, antispasmodic and stomachic juices
- ✓ Wider varieties and options for the consumers ranging from 'mixed' fruit juices to pure, single fruit juices to dry fruit juices
- ✓ Ensure affordability for consumers, while maintaining the hygienic aspects and quality of products throughout the year.
