## ICAR- CIFTEQ<sup>®</sup> SagarHarita - New-Generation, Fuel-Efficient & Multi-Purpose Fishing Vessel

### *Salient features*

- Bullet wise points
- Fuel efficient combination (trawling+long lining+ gillnetting) vessel

### *Advantages*

- ✓ Bullet wise points
- ✓ Fuel efficient, multiday, FRP wheel house, RSW fish store

### *Specifications*

Output capacity: 12 days deep sea fishing

Weight: 95 tons

Manpower requirement:10

Deep sea multi-purpose fishing vessel based for Blue revolution scheme of Govt. of India

### *Machine developed by*

Contact Person detail: M. V. Baiju; Senior Scientist

Institute Name: ICAR-CIFT

Email: vishnubaiju@yahoo.com

### *Year*

2016

### *Price / Unit*

7.5 crores

### *More information*

**Status of commercialization / Patent / Publication**

*Technology transferred/licensed to:*

M/s Dept. of Fisheries, Govt. of India
